NOTTINGHAM Breast Pathology Masterclass - Live

Addressing Challenges in Diagnostic Breast Pathology

The **Nottingham Breast Pathology Masterclass** aims to improve the provision of routine breast pathology. It leans towards the practical diagnostic histopathology of breast disease with a special emphasis on areas which pose diagnostic difficulties.

About Masterclass - Live

17 June sees a return to the popular live event format of the Nottingham Breast Pathology Masterclass. Cases will be presented by our faculty of experts in workshops with live microscopy and interactive discussion of the presented cases.

Features to be focused on are:

- Sclerosing lesions
- Biphasic breast lesions
- Intraductal epithelial proliferative lesions
- Rare breast tumours and potential pitfalls
- Receptors and companion diagnostics

Who is it for?

With a faculty of leading experts, the masterclass is ideal for practising pathologists, pathology fellows and trainees.

Faculty

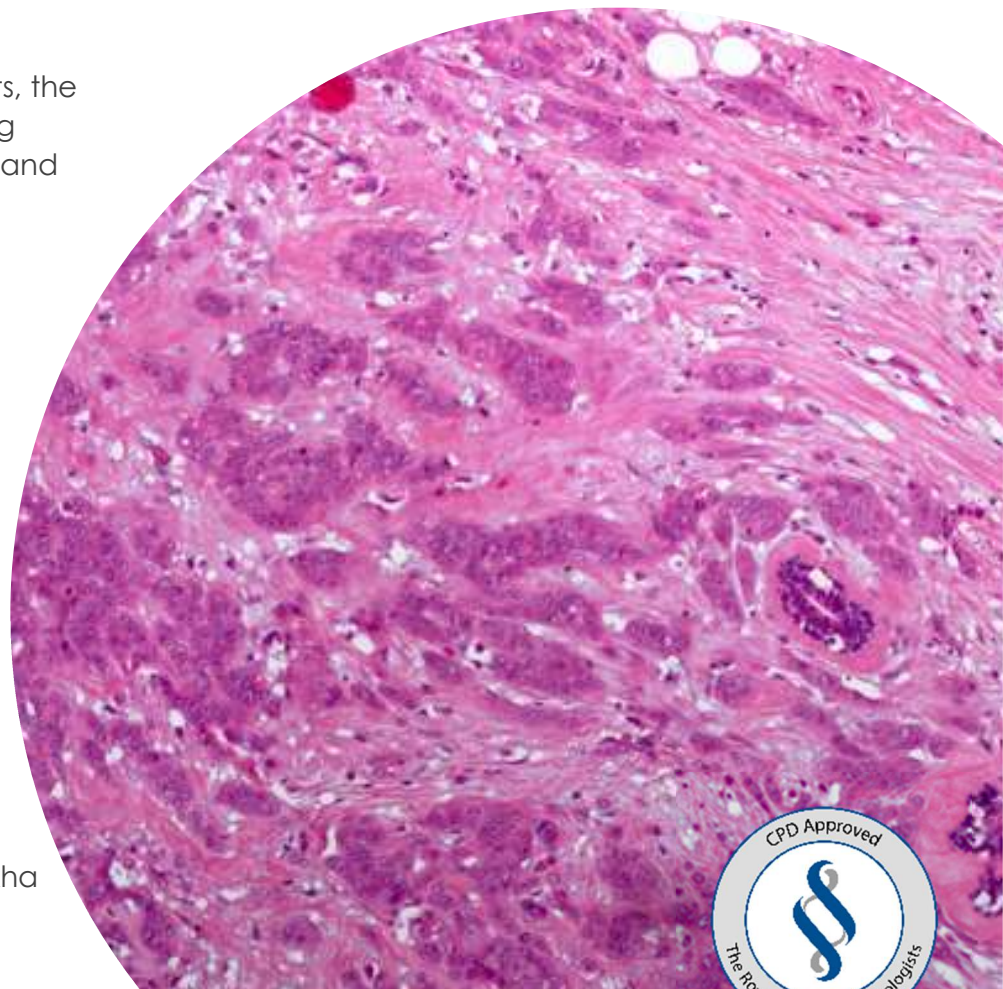

Professor Ian Ellis
(Nottingham)

Dr Elena Provenzano
(Cambridge)

Professor Emad Rakha
(Nottingham)

Professor Abeer Shaaban
(Birmingham)

Course Director: Prof Emad Rakha
